

Wyoming Catholic College

Bachelor of Arts in Liberal Arts

Immerse yourself in the classical liberal arts, embrace the grandeur of the mountain wilderness, and delve into the treasure trove that is our faith. Our curriculum harmoniously weaves together the core subjects of liberal education, unveiling their profound interconnectedness. Here, our fast from technology fosters genuine experiences and deep introspection. From learning to speak Latin to riding horses, from rock climbing to studying Aristotle, our graduates love truth, think clearly, communicate eloquently and act with confidence and wisdom in the greater world.

MIND

Studies include the classics of literature, politics, history, mathematics, science, fine arts, philosophy, and theology. In seminar-style classes, students reason and dispute, memorize scripture and poetry, write papers, and learn how to present arguments from Euclid, St. Thomas, and other timeless thinkers.

SPIRIT

Breathing with both lungs of the Church, Wyoming Catholic's Roman and Byzantine chaplaincies allow students to pray with both Western and Eastern spiritualities. Studying the great books alongside these riches of Latin and Eastern liturgies, students broaden their experience of Catholicity and the origins of the texts they study.

BODY

Unique among liberal arts colleges, Wyoming Catholic immerses its students in the outdoors, renewing wonder, the root of all learning. From backpacking and horse riding, students experience creation, "God's first book," as well as learning virtues of leadership, endurance, risk management, and communication skills.

Degree requirements at **WYOMING CATHOLIC**
